Chapter 1

About the EHI data export file

If you requested patient financial data in a machine-readable format, electronic health information (EHI) was extracted from Veradigm[®] Practice Management into a text file formatted according to the JavaScript Object Notation (JSON) data-interchange standard.

JSON files can be easily read by most healthcare software. For more information about JSON: [Introducing JSON](#)

Table 1: Revision history

Issue date	Revision	Description of change	Initiated by
11/20/2023	1.0	Document creation	D. DeGregorio
04/24/2024	2.0	Add additional version 2.0 claim fields, if populated, for ambulance info, anesthesia info, dental info, and drug info	D. DeGregorio

Chapter 2

EHI data export file reference

Use the following information to interpret the structure of the file that you received.

This JSON file layout includes the fields in the file with a human-readable description to the right of the field name. If information was not available for a field, that field is not included in the export file.

FIELD NAME	DESCRIPTION
practiceName	Name of the practice
schemaLocation	Website link to supporting documentation
patient	Name of patient on voucher
patientNumber	Unique patient identifier assigned by the practice
firstName	Patient first name
mi	Patient middle initial
lastName	Patient last name
suffix	Patient suffix
vouchers	A grouping of services/charges by date
voucher	Repeats if patient has multiple vouchers
voucherNumber	Unique practice-assigned number for a voucher
chargeAmount	Total charge amount of the voucher
paymentAdjTotal	Total amount of payments and adjustments on the voucher
balance	Balance of the voucher at the time of file generation
payer	Person or entity who provides payment
billedDate	Current bill date of the voucher
department	Practice-defined grouping
location	Practice-defined grouping
placeOfService	Physical location where the services were performed
localUseText	Data field used for additional billing information
origPayer	Original/initial payer assigned to the voucher
origBillDate	Original/initial billing date of the voucher
origBillMedia	Original billing method to insurance (electronic or paper, for example)
claimNumber	Number assigned to the voucher for insurance billing
invoiceNumber	Number assigned to the voucher for invoice billing
serviceDate	Date of the service provided
statementMessage	Message on the patient statement
provider	Actual provider of the services
firstName	Actual provider first name
mi	Actual provider middle initial
lastName	Actual provider last name
suffix	Actual provider suffix
referringDr	Referring provider on the voucher
firstName	Referring doctor first name
mi	Referring doctor middle initial
lastName	Referring doctor last name

suffix	Referring doctor suffix
responsibleParty	Responsible party associated with the voucher
firstName	Responsible party first name
mi	Responsible party middle initial
lastName	Responsible party last name
suffix	Responsible party suffix
billingProvider	Billing provider associated with the voucher
firstName	Billing provider first name
mi	Billing provider middle initial
lastName	Billing provider last name
suffix	Billing provider suffix
claimInformation	Fields used for additional claim information
claimInfoField	Label of the additional information (see appendix for possible fields)
claimInfoValue	Value of the associated claim information field
ailmentInformation	Fields related to the patient's ailment
ailmentInfoField	Label of the ailment information (see appendix for possible fields)
ailmentInfoValue	Value of the associated ailment information field
ambulanceInformation	Fields related to ambulance service on the claim (see appendix for possible fields)
services	Information related to the patient's services
service	Repeats for every procedure identified on the voucher
serviceDateFrom	Service start date for the associated procedure
serviceDateTo	Service end date for the associated procedure
procedureCode	Alphanumeric value of the procedure
procedureDescription	Description of the procedure code
units	Quantity of the procedure
feeAmount	Fee amount for the procedure
modifiers	Modifier(s) for the procedure
diagnoses	Diagnosis code(s) for the procedure
drugInformation	Fields related to drug service on the claim (see appendix for possible fields)
anesthesiaInformation	Fields related to anesthesia service on the claim (see appendix for possible fields)
dentalInformation	Fields related to dental service on the claim (see appendix for possible fields)
payments	Transactions (pmt, adj, transfer, rebill) on the voucher for each service
payment	Repeats if multiple transactions on the service
paymentDate	Date of the transaction
insurance	Payer of the transaction
transaction	Description of the transaction
reimbursementComment	Reimbursement comment code associated with the insurance transaction

paymentAmount	Amount of the transaction
transferTo	Who the voucher is transferred to
transferAmount	Dollar amount being transferred
