

## PINNACLE REGISTRY

# PINNACLE Registry® is Your Partner in Practice Innovation and Clinical Excellence

Cardiology's largest outpatient quality improvement registry gives clinicians credible quality measurement solutions needed to succeed in today's evolving practice landscape.

## DEMONSTRATE YOUR COMMITMENT TO DELIVERING HIGH QUALITY CARE TO IMPROVE PATIENT OUTCOMES

### The PINNACLE Registry Provides:

**Easy-to-collect data** on coronary artery disease, hypertension, heart failure, atrial fibrillation and diabetes.

**Online benchmark reports** designed to help validate quality care provided and pinpoint opportunities for improvements.

**Seamless** participation in federal quality reporting programs.

**Access** to ACC-sponsored continuing medical education (CME) programs.
