

LMS MEDICAL SERVICES

Customer/Client agrees to grant LMS Medical Systems, the business partner of Allscripts Perinatal Care Software, access to patient data, including fetal monitoring data, for research purposes. LMS Medical Systems agrees to maintain such patient data in a framework which ensures institutional and patient confidentiality in compliance with all related HIPAA regulations. LMS Medical will maintain this data at no additional cost to the Customer/Client. The data would be exported from the Customer/Client's database through secure dial-in procedures. The export could occur monthly or quarterly.
